Dear Mom & Dad,

Today is a holiday so we enjoyed a nice 3-day weekend. The weather is good and we played tennis yesterday and today. Yesterday we played bridge at the monthly Sunday afternoon game. Vickie played last Thursday and came in first! So she has a fraction of a master point.

I forgot to tell you a couple of things about our trip. We drove through Sullivan, Ohio to try and find Clove St., but couldn't. I believe the town is smaller now than it was a hundred years ago. On the way back we stopped at the Great Western Winery in New York and took the tour. After tasting we bought a case of champagne which may last through New Year's.

The bars here will be closed from two days before Christmas through New Year's day. We thought about visiting the West Coast, but decided we've spent enough on travel for a little while. We will try to see some plays or ballets and go out to dinner. Maybe I will stop by on the way back from a business trip if the chance arises.

We will probably have Thanksgiving dinner here for whoever is around. Murray will probably come up from Miami. I hope dad's new contacts are satisfactory. We're anxious to see everyone again—

Jim & Nickie

P.S. You sent us some pictures a while back — do you want them returned?
